Crossville Memorial Airport Committee Meeting
Airport & FBO Report
JUNE 2, 2025

1. Airport Traffic Summary

Total Aircraft Movements (takeoffs and landings combined):

- **May 2025: 778**
- **May 2024: 1156**
- **2. Fuel Flow**
- **May 2025:** Total gallons: 8,350.86 gal
 - Jet A: 6,290.20 gal | 100LL: 2,060.66 gal
- **May 2024:** Total gallons: 6,420.93 gal
 - Jet A: 3,779 gal | 100LL: 2,641.93 gal

3. Operational Highlights & Notes

Fuel flow remained strong again this month, definitely over last May's volume, while doubling the jet A amount. This continued growth reflects increased traffic and operational momentum at the airport.

The FBO's renovation is looking sharp now that the tile guys have wrapped up their work! The newly installed tile has given the entire facility a fresh and polished look, greatly enhancing its overall aesthetic.

We also recently completed our annual airport audit through TDOT and expect to receive the results mid-week this week.
